# Who we are

Gulf Quality Structures Est. delivers comprehensive industrial solutions with a strong focus on Quality and Safety. As an Aramco-approved vendor no: 10116823, we specialize in video analytics, industrial contracting, engineering services, manpower supply, equipment rental, and onshore/offshore support—driven by innovation and operational excellence.

In collaboration with Invigilo, Singapore we provide round-the-clock AI-driven safety surveillance. Our system identifies PPE compliance, intrusions, work-at-height activities, gas leaks, and over 45 other safety parameters. Authorized users can easily view heatmaps, analytics, and compliance reports through our platform.

## Vision

To become the region's top project solutions provider, known for quality, safety, and customer satisfaction—delivering innovative, reliable services and building lasting, trust-based relationships.

## Mission

To deliver high-quality project solutions that meet the specific needs of our clients, while ensuring the safety and well-being of our employees, customers, and the environment.

# What we do

Gulf Quality Structures Est. delivers a comprehensive range of solutions designed to support industrial growth, operational efficiency, and workplace safety.

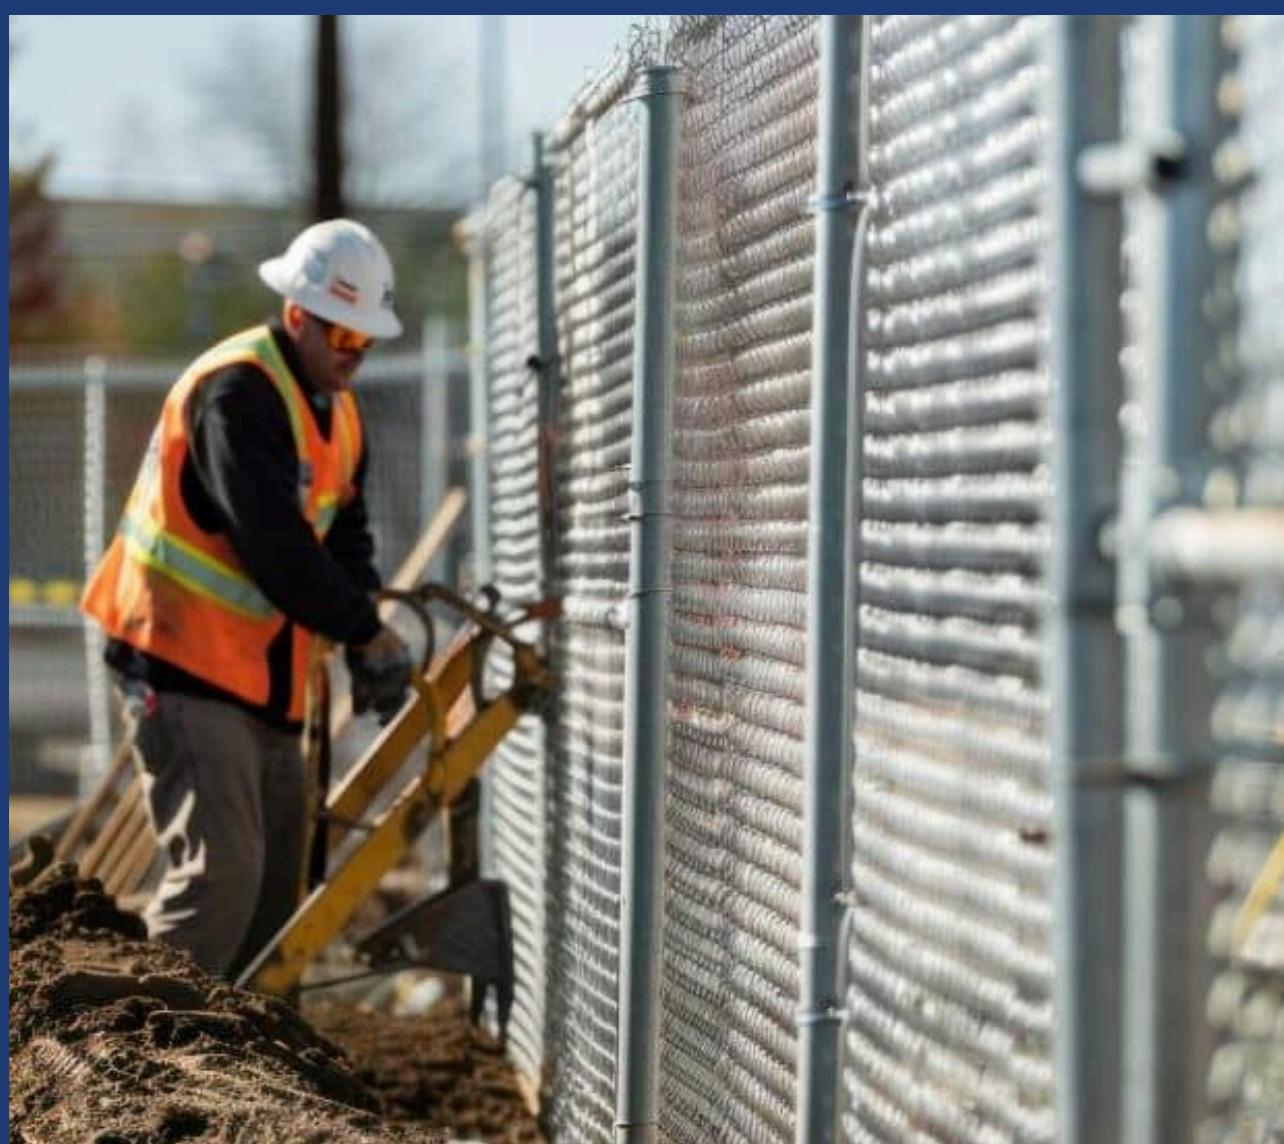

**MANPOWER  
SUPPLY**

**VIDEO ANALYTICS AND  
AI SAFETY SOLUTIONS**

**BUILDING  
MAINTENANCE**

**ALL TYPES OF  
SECURITY DENCING**

# Manpower Supply

We provide skilled, semi-skilled, and professional manpower to meet the operational and quality standards of diverse industries. Our recruitment, training, and deployment processes ensure reliable, qualified, and job-ready personnel who consistently deliver work that meets industry quality benchmarks.

## Includes

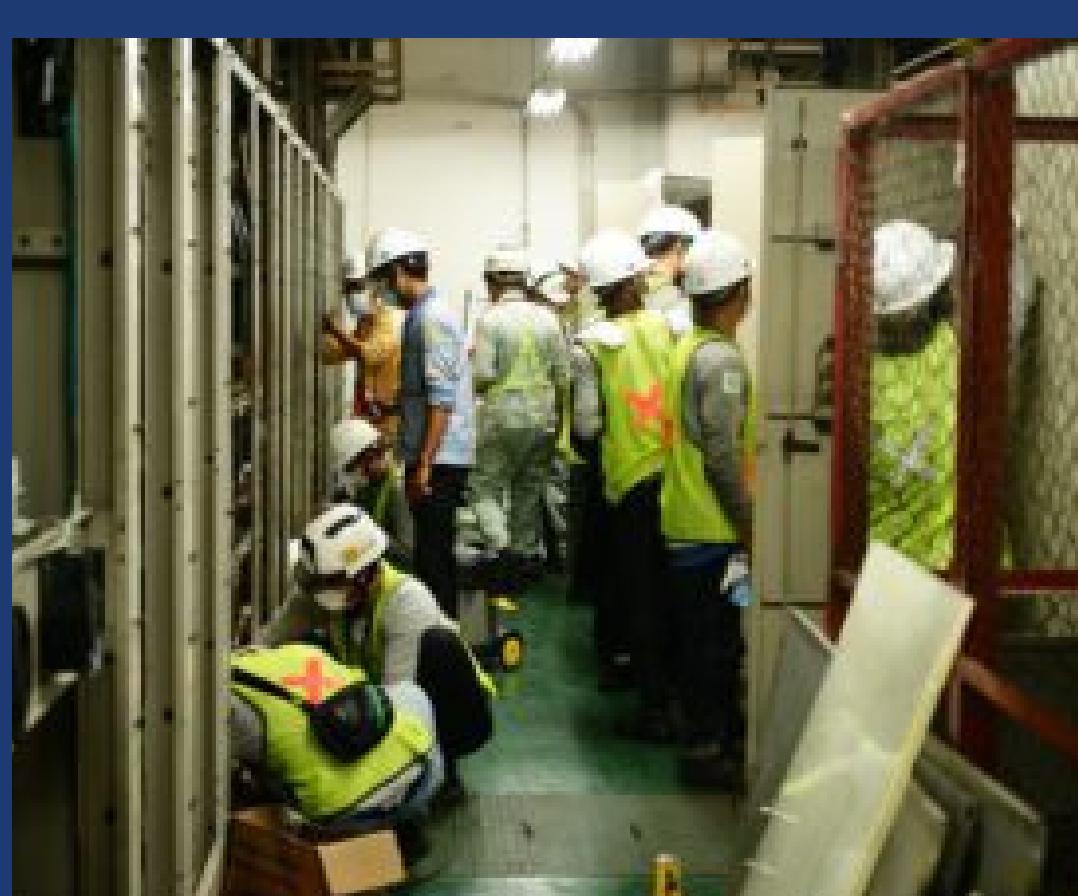

**Project Engineers / Managers**

**Mechanical, Electrical,  
Civil, Instrumentation**

**HSE Officers / Supervisors**

**QA/QC Manager,  
Supervisors, Inspector**

**Planners / Schedulers**

**Document Controllers**

and many more

# Video Analytics & AI Safety Solutions

In collaboration with Invigilo, Singapore a leader in AI-powered video analytics, we deliver intelligent solutions that enhance workplace safety, monitoring, and operational insight. Our systems detect risks in real time, enforce compliance, and provide actionable insights for smarter decision-making.

## Key Features Include

### PPE Detection

Ensuring compliance with essential safety gear requirements

### Work-at-Height

Monitoring to prevent falls and ensure safe practices

### Intrusion Alerts

Immediate alerts for unauthorized access to restricted areas

### Fire Detection

Advanced systems ensure prompt response to fires

## Vehicle Monitoring

Ensures safe operation of on-site vehicles

## Missing Barricades

Detecting missing barricades in work sites

## Gas Detection

Real-time monitoring prevents hazardous gas leaks.

**Additionally  
we detect  
over 45+  
safety risks**

With Invigilo's cutting-edge AI technology and our on-ground expertise, we provide safer, smarter, and more efficient workplaces for industrial operations.

# BUILDING MAINTENANCE

Gulf Quality Structures Est. provides comprehensive building maintenance services designed to ensure safety, durability, and long-term performance. Our team delivers reliable civil, mechanical, and electrical maintenance solutions tailored to meet industrial and commercial needs. With qualified technicians and strict quality standards, we ensure efficient and compliant building upkeep. From routine repairs to specialized technical support, we keep your facilities operating at their best.

## Includes

### Civil Works

- Masonry & Block Works
- Painting & Finishing Works
- Flooring Works
- Roofing & Waterproofing
- Concrete & Pavement Works
- Plumbing & Related Civil Works
- External & Outdoor Works

And many more

## Mechanical Works

- HVAC Maintenance
- Chiller & Cooling System Maintenance
- Plumbing & Piping Works
- Pumps & Motor Maintenance
- Firefighting System Maintenance
- Gas Line & Fuel System Maintenance
- Water Supply & Drainage Maintenance
- Mechanical Equipment Installation & Repair

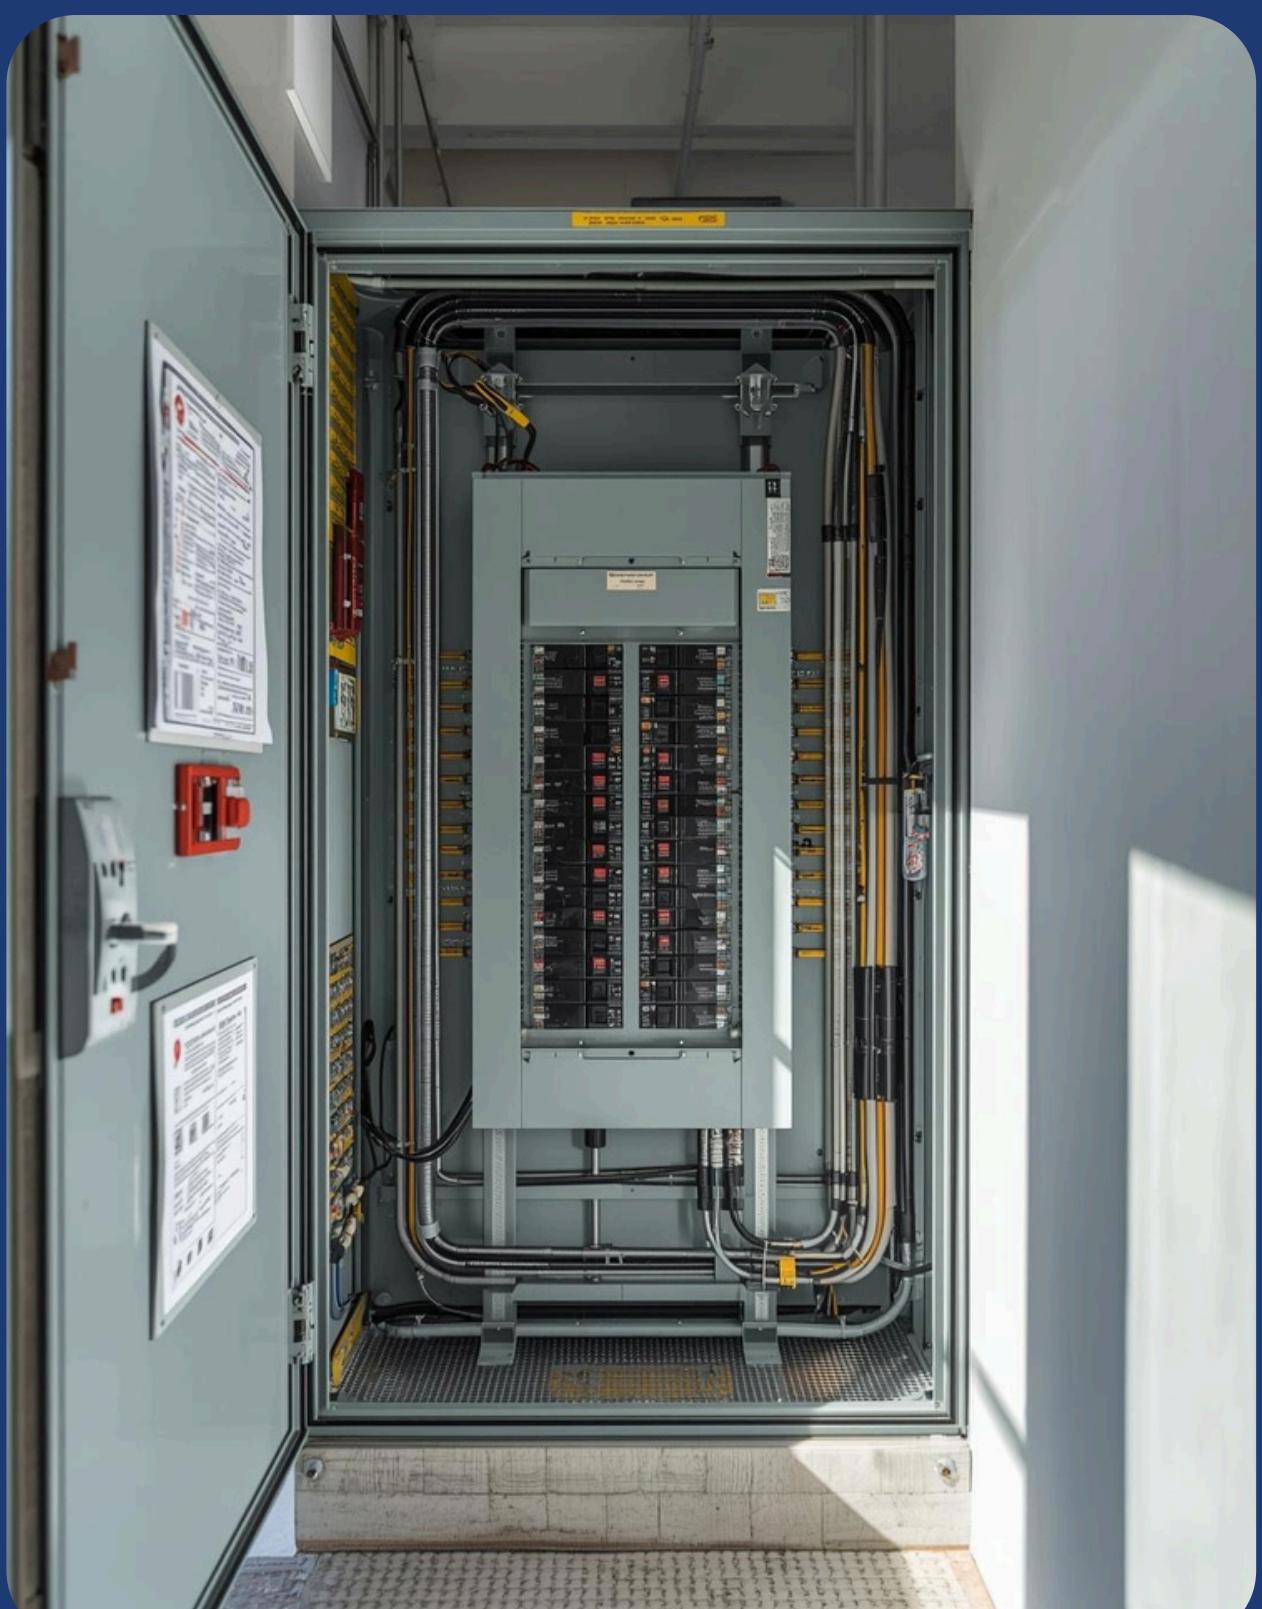

And many more

## Electrical Works

- Electrical System Inspection & Preventive Maintenance
- Lighting Installation & Replacement
- Switchgear & Panel Board Maintenance
- Wiring, Cabling & Conduit Works
- Power Distribution & Load Management
- Fire Alarm & Emergency Lighting Maintenance
- Troubleshooting & Repair of Electrical Faults

And many more

# ALL TYPES OF SECURITY FENCING

Gulf Quality Structures Est. provides high-quality security fencing solutions designed to protect people, property, and assets across residential, commercial, and industrial sites. Our security fencing systems offer strong perimeter protection, controlled access, and enhanced visual deterrence. From design and installation to repair and maintenance, we ensure durable, weather-resistant, and standards-compliant fencing for maximum safety.

## Includes

- High-Security Perimeter Fencing
- Chain Link, GI, Steel & Welded Mesh Fencing
- Anti-Climb & Razor Wire Fencing
- Sliding, Swing & Automated Security Gates
- Repair, Upgrading & Preventive Maintenance

and many more

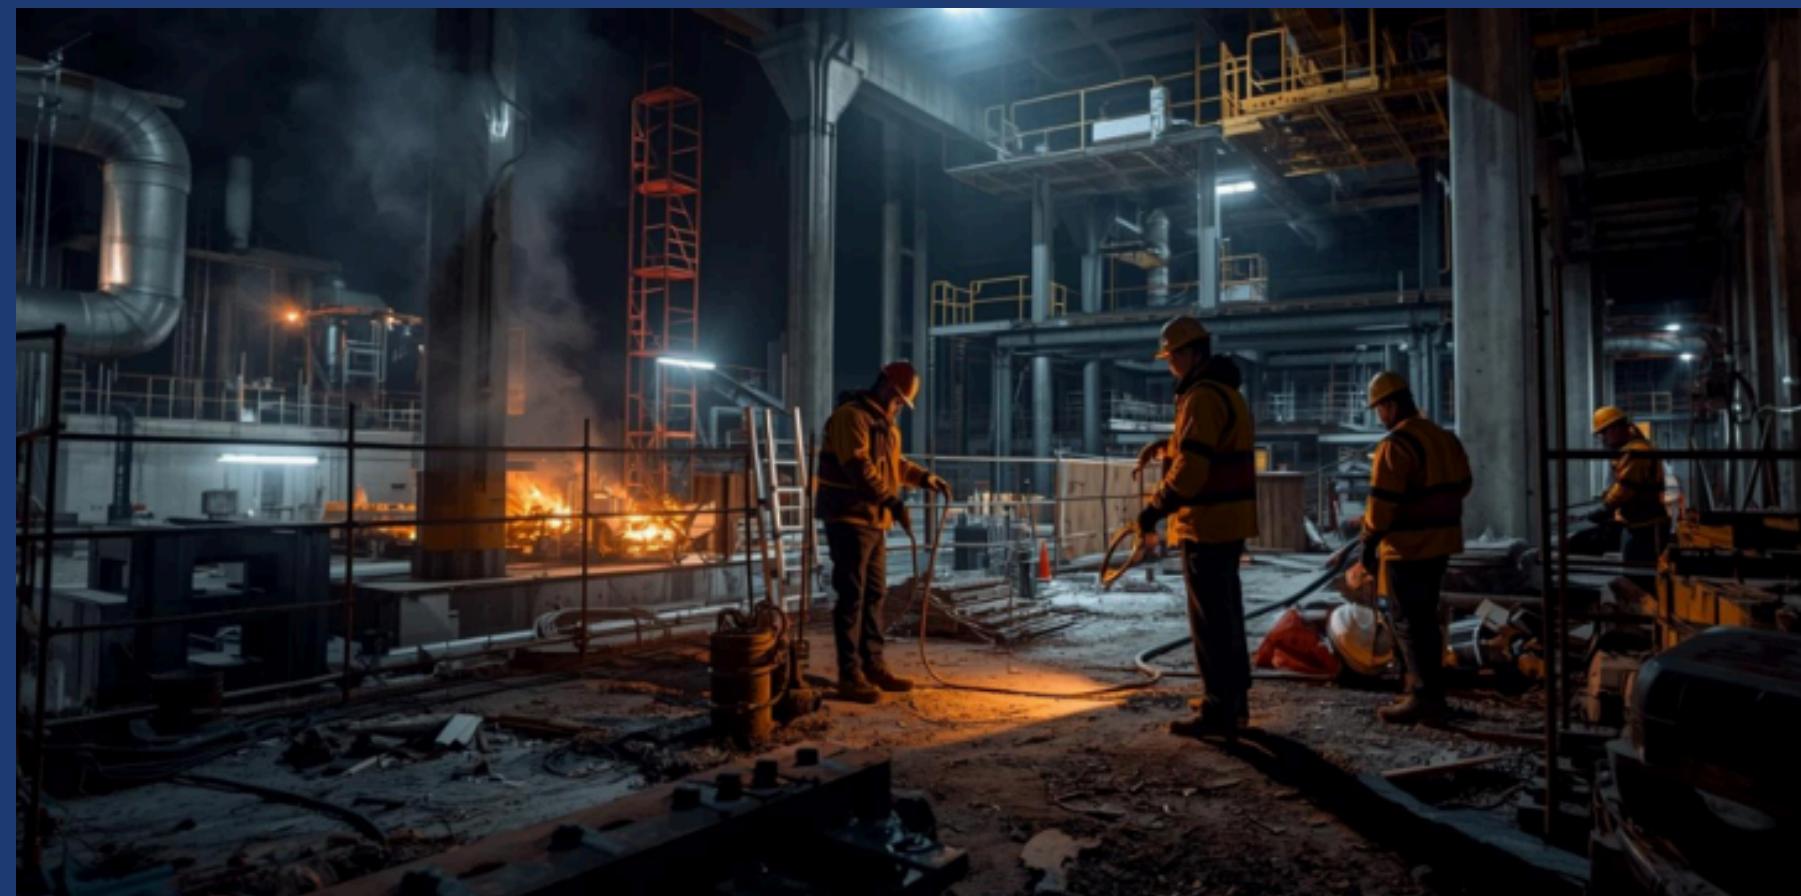

# Our Strengths

**End-to-End Solutions** : complete support across Industrial Contracting, Engineering, Manpower Supply, Equipment Rental, and Onshore/Offshore services.

**Technology-Driven** : With advanced tools and partners like Invigilo, we enhance safety, monitoring, and efficiency through AI-powered analytics.

**Safety & Quality First** : We follow strict international standards, embedding safety and quality in every process.

**Qualified Workforce** : Our skilled team ensures high-quality execution and consistent operational excellence.

**Efficient & Reliable** : Streamlined operations and strong project management ensure timely, consistent performance.
